❖ **Review “Proceedings Report” from Workshop 1**

- Observations from facilitated session
- Observations from assessment tool
- Questions/Revisions

❖ **Narrative Visioning Exercise**

*The facilitator will go over the major functional components** which frame the principles of placemaking, and will ask for your ideas on these questions:*

- What do you hope to have in place in the Fort Atkinson area?; or
- What are your vision ideas for Fort Atkinson?; or
- What are your ideas for what a successful Fort Atkinson could look like in the future?; or
- What are ways to build on our placemaking strengths or address those weaknesses that may need attention?

***Prompts: Ideas will be generated in functional component groupings (as best we can).*

- I. Effective and Functional Physical Configuration (1-7)*
- II. User-Friendly and Efficient Circulation (8,9)*
- III. Preserved Natural and Cultural Resources and Environment (10-12)*
- IV. Enhanced Local Identity and Sense of Place (13,14)*
- V. Attributes that Instinctively Draw Us to Places (15-19)*
