

NEW CONSTRUCTION AND ADDITIONS, OVER 200 SQUARE FEET, PERMIT PACKET

This packet contains the necessary paperwork and informational handouts to apply for a permit to construct a new building or addition 200 square feet in size or larger. Some of the permit applications may not apply to all construction situations and construction taking place farther than two feet from the minimum setback line may not require surveys. Please feel free to call the Building Inspection Department with any questions at (920)563-7760
